(Associated Press Telegram)  
Queretaro, Mex., Thursday, Nov. 30.—The convention called at the instance of General Carranza to make important changes in the Mexican constitution met today and effected organization. Luis Manuel Robas, a lawyer of Mexico City who has taken an important part in drafting the amendments to be submitted to the convention, was elected president and General Candido Atila, the foreign minister, vice president. After the election of officers the session was adjourned.

### STILL LOOTING CITY.

(Associated Press Telegram)  
Juarez, Mex., Dec. 1.—Several Chinese residents of Chihuahua City who arrived in Juarez today on a troop train, said looting of stores was in progress when they left. Reported firing to the south of Juarez was denied today by Juarez officials who said the rumor was unfounded.

### BANDITS DRIVEN BACK.

(Associated Press Telegram)  
Juarez, Mex., Dec. 1.—General Francisco Gonzales announced today he had received a report that Gen. Carlos Ozuena's cavalry met a band of Villa troops south of Torrazas yesterday morning and had routed them, driving the bandits back into the city of Chihuahua. General Gonzales said General Ozuena's command numbered approximately 8000 men.

### CONTINUE TESTS TO IDENTIFY MALADY AFFECTING CATTLE.

(Associated Press Telegram)  
Kansas City, Mo., Dec. 1.—Tests were continued here today in the effort of federal and state authorities to ascertain whether the infection discovered in cattle at the Kansas City stock yards is foot and mouth disease or a similar epidemic. A general optimism pervaded the stock yards and the veterinarians announced themselves as almost convinced that the infection is not foot and mouth disease.

### COAL SHORTAGE IS RELIEVED; 60,000 TONS DELIVERED.

(Associated Press Telegram)  
Cincinnati, Dec. 1.—Sixty thousand tons of West Virginia coal began arriving here today and the skippers of the 13 towboats with 155 barges worked hurriedly to take advantage of a "pop rise" in the river. The coal will be distributed in Cincinnati and Louisville and the points between.

## RUMANIA SOUGHT TO BRIBE BULGARS WITH GIFT OF LAND

(Associated Press Telegram)  
Berlin, Dec. 1. (Wireless to Sayville).—A dispatch from Sofia says that Premier Radoslovich has made sensational disclosures in the Bulgarian parliament, "says the Overseas News agency. 'The Rumanian government in 1915, at the beginning of the war between Bulgaria and Serbia, declared it would remain neutral until the end of the European war. But it was soon evident Rumania had changed its mind. 'Toward the end of August the Rumanian minister to Bulgaria, G. C. Derussi who had been sent from Sofia returned and spread the report that the Rumanian government, in order to further good relations with Bulgaria, was ready to give back Dobruja if Bulgaria would observe neutrality in the shooting war between Austria-Hungary and Rumania. The Bulgarian government was not deceived by this treacherous behavior. Premier Radoslovich refused to grant an audience to the Rumanian minister.'

"Speaking of the expulsion of the ministers of the central powers from Athens by the French Vice Admiral Du Fournet, Premier Radoslovich said good relations continued with the lawful government of King Constantine. The Greek government, he said, had no power to prevent this violation of international law. 'Premier Radoslovich expressed the hope that in a short time the Teutonic allied governments would communicate good news to their parliaments, which would be accepted by all the allied nations.'

## ELDER STATESMEN RULE NEW PREMIER

Marshal Count Terauchi.

While the new Japanese premier, Marshal Count Terauchi, is a military man and an exponent of militarism in government, it has been pointed out by Japanese statesmen in foreign capitals that this doesn't necessarily mean that militarism will be placed on a firmer basis in Japan. Terauchi will be a figurehead, they say, and the real rulers of the country will continue to be the elder statesmen, the Princes Oyama and Yamagata, and Marquis Matsukata.

## BURGLARS

### STEAL SAFE ALMOST IN SHADOWS OF POLICE STATION DURING NIGHT

Thomas Edwards' Poolroom Entered and Strong Box Hauled Away—Loss About \$300

Police today were confronted by one of the most daring and baffling robberies in the history of the city, which occurred some time after 12:30 last night, at the Thomas Edwards' pool room and cigar store, near the patrol station in North Fourth street.

A safe weighing about 300 pounds and containing in cash and checks more than \$300, was removed from its place back of the cigar counter to the rear door of the store and then loaded into some kind of a conveyance standing in the alley by the patrol station.

Entrance to the store was gained by removing a wire screen over the basement window on Fourth street and from the cellar the intruders had easy access to the floor above. The safe was back of the counter in the front part of the store, where pedestrians passing the place could have seen the men at work on account of the room being well lighted.

According to police, Night Watchman William Burke who tries store doors in the downtown section, saw two tall men in the store early this morning, but thought it was some of the employees of the place. The robbery was not discovered until the store was opened this morning when one of the employees upon opening the store found the safe missing.

The police were notified immediately, but up until noon no clues had been found that would give the officers a theory to work upon. The safe, disappeared as completely as though it was some small object that could have been placed in a man's pocket.

Chief of Police Sheridan is of the opinion that the men who stole the safe were familiar with the store and knew that it contained a sum of money. Whether it was removed by a wagon or an automobile is mysterious, but the police believe a machine was used.

Charles Dean, an employee of the poolroom closed the store last night at 12:00 o'clock but did not leave the place until a half hour later. This led police to believe that the men were waiting for Dean to leave and then immediately got busy in forcing an entrance. The high counter and the display in the window of the store furnished an excellent screen behind which the robbers could work the safe from behind the counter and then it would only take a moment to get it to a place in the room where it could not be seen from the front window.

Mr. Edwards said today that the safe contained a number of checks but did not believe the robbers would try to cash them in Newark. Chief Sheridan holds to the belief that the safe was hurried out of town in a machine and may now be in another city. Then there is the belief that the men may have stopped somewhere in the country, just outside of Newark, blew the safe and left it, departing with its contents.

The patrolmen in the patrol station across an alley from the Edwards' store, knew nothing of the robbery. Chief Sheridan is not holding them responsible, because it would be impossible for the officers to know of the affair unless they had heard a noise and investigated.

The fact that a machine stopped in the alley would not arouse suspicion as hundreds of automobiles pass through the alley at all hours of the day and night. And even when the machine stopped at the rear door of the store, the men in the station, police say, could not have heard it, because the door is 50 feet east of the station.

## RUMANIANS

**Strengthen Resistance as In-  
vading Armies Approach  
National Capital**

### SIXTEEN MILES FROM GOAL

**Russians Continue Attack  
Along Frontier In Effort  
to Divert Attention of the  
Teutonic Allies and Thus  
Weaken Attacking Force  
— Petrograd Report  
Claims Success**

Events on the European battle fronts are summarized from reports from the various capitals in the following Associated Press dispatch:

The Teutonic grip on Rumania remains unshaken and at last reports were fighting with three converging forces continuing unchecked, their advance toward Bucharest.

Despite tenacious resistance by the Rumanians, which appears to have increased as Bucharest was neared by the armies of Field Marshal von Mackensen and General von Falkenhayn, the invaders are now almost within gunshot of the capital. They are nearest their objective on the southwest, where Tomana, 16 miles distant, has been reached. From the west they have driven to within 40 miles, reaching Glavatzotzu. On the northwest they have broken the Rumanian line, permitting of a new influx of Austro-German troops by way of Torzburg pass and Campulung.

The Russians meanwhile have been attacking heavily all along the frontier of Moldavia, the Rumanian province which projects northward between Transylvania and Bessarabia, in an evident attempt to create a diversion in Rumania's favor. Today Petrograd reports a pronounced success in this offensive, declaring the whole range along the frontier south of Kirilbaba has been taken by the Russians.

Whether this success will have any immediate effect on the operations of the Teutonic armies engaged in the main attack on the Rumanians has not yet been indicated. Apparently it would require a considerable penetration of Transylvania territory by the Russians to affect the southern campaign.

Peace today is in the midst of what seems likely to prove her greatest crisis. The entente ultimatum under which possession of Greek arms and munitions were demanded has expired and King Constantine is reported to have definitely refused compliance with the demands.

On the other hand, Admiral Du Fournet, commander of the allied naval forces, in Greek water, has indicated that he will take radical measures to enforce the demands, having troops in readiness for debarkation at Piraeus, the port of Athens.

In Macedonia the Germans and Bulgarians are doing more than light defensive actions against the entente attempts to advance in the Monastir district. On Wednesday they counter attacked violently in the Granitsa region east of the Cerna, where gains were recently claimed for the Serbians. Paris admits the Serbians lost certain trenches which they had previously won, but declares the main effort resulted in failure with heavy losses for the Teutonic allies.

Today's German headquarters report records steady progress for the Teutonic allies against the Rumanians along the entire curving front before Bucharest. In particular it shows Von Mackensen's forces from the Danube approaching the line of the Argesha river, which flows within 12 miles of Bucharest as it sweeps down diagonally across Rumania from the northwest. It is here it is believed, the Rumanians have elected to make their last stand before the capital.

Further inroads upon the Rumanian personnel and equipment are announced by Berlin in the capture of more than 2,500 prisoners, 21 cannon and other material.

Berlin emphasizes the extent of the Russo-Rumanian offensive in the Carpathians along the Moldavian frontier, pointing out that it is being violently pressed over a front of more than 180 miles. It is declared however that the attacks were virtually fruitless and extremely costly and the recapture of some ground previously lost is claimed. Likewise the defeat of an entente attack on the Bulgarians left wing in Dobruja in which two British armored cars were destroyed is recorded.

### BLOOD TRANSFUSION BENEFITS ARCHBOLD AFTER OPERATION.

(Associated Press Telegram)  
Tarrytown, N. Y., Dec. 1.—John D. Archbold, president of the Standard Oil company of New Jersey, who is seriously ill at his home here following an operation a week ago for appendicitis, was stated today by a member of the family. It was said that he had a slight rally last night about 1 o'clock and had seemed better since then.

The improvement was attributed to the success of a blood transfusion operation performed yesterday when blood was given by Mr. Archbold's chauffeur who was chosen after several others who volunteered were eliminated by blood tests.

## COLD STORAGE EGGS MUST BE PLAINLY MARKED

(Associated Press Telegram)

New York, Dec. 1.—A "seventy-hour ultimatum" to egg dealers directing them to mark plainly all cold storage eggs as such before placing them on sale in this state was announced here today by John J. Dillon, state commissioner of foods and markets. He said that he had also taken steps to see that eggs arriving from points outside of New York state are similarly marked. The commissioner predicted that within ten days the retail price of eggs would drop to 35 cents a dozen.

Commissioner Dillon said that his order called for the marking of the words "cold storage" on the shell of each egg offered for sale here beginning next Monday, except when sold in the unbroken cold storage packages. He said he would meet the object that it would be impossible to force dealers in Chicago, New Jersey and other places outside the state to comply with the order by issuing instructions to the transportation companies to give him "a daily report of all eggs coming to this city, the place where such eggs originate and to whom they are consigned. I believe by this provision I can enforce the order on dealers outside and inside the state."

He said he now has 2,250 dozen eggs, which he will sell to consumers at 35 cents a dozen and is negotiating for 24,000 dozen offered to him at the same price by a large western firm, which told him he said, they could not get that price from the cold storage people, "although the market is far above that figure."

"Cold storage eggs will in ten days be 35 cents a dozen to the consumer, which will give a legitimate profit," commissioner Dillon declared. He said that only about one tenth of the eggs now offered for sale are actually fresh eggs.

## BRITISH REPORT SUCCESS IN WEST AFRICAN CAMPAIGN

(Associated Press Telegram)

London, Dec. 1.—Conspicuous success has been gained by the British in their campaign against the Germans in German West Africa, the war office announced today.

"On October 19 a strong German force commanded by Major General Wabbe dislodged from Tabora (in the central part of the colony), came in contact with the British south of Iringa," the statement says. "Simultaneously the enemy in the Mchenge area took the offensive against the British on the Ruhudje river, with the evident intention of assisting the western German force to penetrate the British cordon and form a junction with the main German force. The attempt to break through was repulsed near Acetina, and the British gained a conspicuous success on the Ruhudje river, driving the enemy over the river with the loss of 200 killed, 82 prisoners and booty."

The main body of the western German force divided into two parts. One invested the British post at Lupemba and was driven off. The remaining force was isolated in the Ntemba mission station and forced to surrender about 500 strong, on November 26. A howitzer, ammunition and three machine guns were included in the booty. Van Wert, O., Dec. 1.—Margaret Morris, 16, and her sister, Gwendolyn, 13, were shot by a rabbit hunter while returning home, when the automobile in which the girls were riding with Elliott Morris, their brother, and Albert Uhl, struck and killed a hunting dog. Wilbur Hiller and Samuel Hiller, brothers, were arrested on a charge of attempting to kill. Wilbur Hiller is said to have fired two charges of buckshot at the passing automobile, the girls in the rear seat being hit.

## PLACED BETS ON FIGHT; YOUTH WAS KILLED BY FALL.

(Associated Press Telegram)

Cincinnati, Dec. 1.—A fight that was urged on by bystanders who offered bets on the outcome has resulted in the death of William Ficker, 22, a printer, who the police say was knocked down by Frank Owy, 20, son of Dr. Frank Owy of this city and employed as a telephone inspector. Ficker's head struck the curbstone and his skull was fractured. He died at the general hospital. Owy, the officers say, admitted that he struck the blow but that it was delivered in self defense. The young men met in a poolroom and had a misunderstanding. They went to the sidewalk and were talking over the matter when it is said several men joined in the conversation.

Owy says he told the men to let Ficker alone and that they would adjust their differences. He says that instead the crowd kept urging Ficker to fight. Owy says the taunts caused Ficker to start the fight.

## AUSTRALIA MINE TROUBLES SETTLED GET 8-HOUR DAY.

(Associated Press Telegram)

Melbourne, Australia, Dec. 1.—Under the agreement which ended the coal miners strike the miners are assured an eight-hour day and the abolition of double shifts. The federal authorities will remain in control of distribution until the coal output becomes normal.

## PRESIDENT WILL TURN ON LIGHTS IN LIBERTY TORCH

(Associated Press Telegram)

Washington, Dec. 1.—President Wilson will leave here at 10:00 o'clock tomorrow morning for New York to be present at the inauguration of a new illuminating system for the statue of liberty late tomorrow afternoon. He will arrive in New York at 2:18 p. m. and leave again for Washington at midnight, arriving in Washington at 7:00 o'clock Sunday morning.

On his arrival in New York tomorrow afternoon the president will go on board the naval yacht Mayflower. The Mayflower will pass between the statue of liberty and a line of battleships followed by the Dolphin, carrying Secretary Daniels, members of the cabinet and other special guests.

At six o'clock the president will operate a searchlight signal by wireless, inaugurating the lighting of the statue. Afterwards the president will take part in an automobile parade from the battery to a New York hotel for a banquet, where he is expected to deliver a brief address.

## BRAKES FAILED AND TRACTION CAR JUMP TRACK; ELEVEN HURT.

(Associated Press Telegram)

Findlay, Dec. 1.—One woman was probably fatally injured and ten men were badly hurt when a Toledo Bowling Green and Southern traction car early today left the track near the outskirts of this city and rolled over on its side.

Miss Grace Woodward of Findlay, is in a hospital and physicians have said that her recovery is doubtful. The motorman of the car, Carl Zender, was also badly injured. It is said that the accident was caused by the failure of the brakes to hold as the car approached a sharp curve and when a switch was passed the rear trucks left the track, throwing the car upon its side. The front trucks of the car coasted a mile into the city.

**Asks American Government

Ambassador Visits Sec-  
retary Lansing to Discuss  
the Case With Him**

(Associated Press Telegram)

Washington, Dec. 1.—The German submarine commander who sunk the British horse ship Marina with the loss of six Americans has reported to his government that he took the vessel for a transport. Germany has asked the United States for information of the status of the ship and is ready to offer amends if the Marina was entitled to immunity.

The case was discussed today at a conference between Count von Bernstorff, the German ambassador and Secretary Lansing. Germany in a communication in reply to the inquiries of the United States has asked for any information in possession of this country that will lead to a settlement.

The conference between the ambassador and the secretary of state, which was brief, developed that neither seemed to be in possession of such complete information as would be essential to a determination of the case. The conference was asked for by Count Bernstorff.

It is understood that if the United States can inform Germany that the Marina was not in the transport service and was entitled to the immunities of a peaceful merchant ship, the Berlin government is ready to acknowledge an error and make offers of settlement satisfactory to the United States.

President Wilson has been looking after the case personally and will pass upon any understandings reached between the ambassador and the secretary of state. When the Marina was sunk it was stated from London that there was some ground for believing she had been previously connected with the British transport service. Later dispatches said the ship had been armed with a gun astern, manned by two British naval gunners before she started on the voyage on which she was destroyed.

The Marina had carried a cargo of horses to England from Newport News, Va., and was returning when two submarines lying in wait sunk her in a stormy sea from which survivors were rescued after many hours of hardship.

In the last note to Germany on the submarine question the United States threatened to break off diplomatic relations unless the campaign of destruction without warning was abandoned. Another note declared that offers of reparation and expressions of regret would not be sufficient, but did not actually close the door to accepting an admission of error and indemnity for damage in any specific case where the American government might choose to deal with it that way.

Secretary Lansing went to the White House this afternoon to discuss the German note on the Marina case with President Wilson. He refused to make any comment.

### 100,000 BELGIANS SENT TO GERMANY.

New York, Dec. 1.—Pierre Mail, the Belgian consul in New York, made public last night the following cable message received from Carton de Wiart, Belgian minister of justice at Havre, France:  
"According to the last information received here, more than 100,000 Belgian workmen have already been thrown out of their homes and taken into slavery in unknown places. The mothers, wives and children who want to remain there are driven back by the Germans and are torn with despair.  
"The Belgian Government has just sent bread, through the Swiss Government, to 10,000 of these unfortunate actually kept together in Soltan camp, and the Germans are breaking them with a starving system to try to get them to sign work contracts.  
"What do the American people, whose Belgian relief work is put in serious danger, think about this?"  
"What would the great soul of Abraham Lincoln have thought of it?"  
Paradoxical as it may seem, even when a man is a contractor his business may be expanding.

### GREEKS PREPARE TO RESIST ALLIES; TROOPS READY

London, Dec. 1.—In view of the definite refusal of the Greek government to deliver the arms demanded by the entente allies and the threat of Vice Admiral Du Fournet, commander of the allied squadron to take action today unless his demand was acceded to, news from Greece is awaited anxiously. Cable messages dispatched from Athens late yesterday afternoon showed that preparations were being made to resist seizure of the arms and also that a French transport had arrived at Piraeus to land troops. It trouble should develop, British blue jackets were ordered to co-operate and the admiral gave warning that prominent personages taking part in any resistance would be arrested.

The Greek government has given guarantees that order will be maintained, but it is feared the calling up of reservists will have the opposite effect. Admiral Du Fournet insisted that 64 mountain guns be delivered today. Further time has been given for the delivery of other guns and war materials.

An Evening News dispatch filed at Athens at 1:45 o'clock this morning says further reports have been received of forces marching south from Thessaly and other sections of Greece toward Athens. The garrison of Chalcis is marching with rifles toward Schimatari. The dispatch says a minor disturbance occurred last night. A few revolver shots were fired. No one was injured. Just before the time of the filing of the dispatch King Constantine notified the entente ministers of his definite refusal to hand over the guns.

### WILLARD AGAIN CHOSEN HEAD OF B. & O. SYSTEMS.

## What Fat Folks Should Do To Reduce Weight

Thousands of people suffer from excessive fatness, weak nerves and feeble stomachs, who, having tried advertised flesh-reducers, food-fads, physical culture stunts and rub-oil creams, resign themselves to a life-long fatness and think nothing will make them thin. Yet their case is not hopeless. A recently discovered combination of fat reducing agents has made fat disappear after years of obesity, and it is also unequalled, judging from reports, for reducing flesh without weakening the digestive system or impoverishing the nerves. This remarkable preparation is called Oil of Korein and comes in capsule form. Fat reducing and capsule-forming elements of acknowledged merit have been combined in this preparation, which is endorsed by people everywhere. It is absolutely harmless, inexpensive and efficient.

A few weeks systematic use of Korein should go far to reduce flesh and fat even after everything else has failed to bring the desired result. W. A. Erman, Evans Drug Store and other good druggists everywhere are dispensing Oil of Korein in capsule form in the original sealed laboratory package. Get some today and see for yourself how quickly and harmlessly it works.—Advertisement.

## TRY THIS TO BANISH ALL RHEUMATIC PAINS

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma. Rheuma acts with speed it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles, and quickly the torturing soreness completely disappears. It is a harmless remedy, but sure and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear. Try a 50-cent bottle of Rheuma, and if you do not get the joyful relief you expect, your money will be returned. T. J. Evans has a supply of Rheuma and guarantees it to you.

## Granville

(Special to Advocate.)

Granville, Dec. 1.—The union Thanksgiving service was held at 10 a. m. yesterday in the Presbyterian church with sermon delivered by Rev. Millard Breisford of the Baptist church. Rev. E. D. Boer of the Presbyterian church and Dr. C. L. Williams of Denison university assisted in the exercises. Rev. Otto Gelsen of the Methodist church having gone with his family to Cincinnati. Every citizen of Granville should have heard the magnificent sermon on "Preparedness," which was one of the finest addresses ever delivered by Mr. Breisford in this or any other place. The text is found in Ephesians 6-16. "Having your feet shod with the preparation of the gospel of peace," and its elucidation was masterly. Instead of preparation the correct translation preparedness was used. President Chamberlain said he never before had gained so full and comprehensive an understanding of that passage of scripture. The musical program under the leadership of Mrs. J. W. Rohrer, included an arrangement of Gounod's "Praise the Lord," sung by Mrs. Rohrer, Mrs. J. D. Thompson and the choir and Buzzis "Gloria" by Mrs. Marion Rose Johnson.

President and Mrs. C. W. Chamberlain observed Thanksgiving with a family dinner at their home on College hill, at which covers were laid for Dr. and Mrs. Chamberlain, their parents, Mr. and Mrs. Wells A. Chamberlain of Grafton, who are their week-end house guests; Mr. and Mrs. W. P. Ullman, Miss Margaret Seasholes, Misses Margaret and Elizabeth Chamberlain and Masters John and Stewart Chamberlain.

This pleasant family reunion is interrupted by a telegram calling President Chamberlain to Cleveland today to an important conference of certain of the Denison trustees, which could not be postponed.

Thanksgiving day at Byron Du, the home of Mr. and Mrs. J. S. Jones on the Newark road, was observed in hospitable style with Mr. and Mrs. Frank Tallmadge, Mr. and Mrs. John H. Winters of Columbus and Mr. and Mrs. William Webb of Newark as dinner guests. The Columbus party will spend the week end.

Dr. and Mrs. Willis A. Chamberlain enjoyed Thanksgiving at their home in Burg street yesterday and served a delightful five course dinner at which covers were laid for the host and hostess, Mr. and Mrs. Burton Case, Miss Howland, Misses Grace and Frances Chamberlain.

Mr. and Mrs. Fred Seymour had Thanksgiving at their home in Burg street at which their daughter, Sarah, who is teaching in Ft. Wayne, Ind., was guest of honor.

Mrs. Frank Ray and her daughters Helen and Frances entertained several Shepardson college girls at Thanksgiving dinner at their hospitable home on the Newark road.

Mr. H. G. Miller, agent of the Granville Fuel and Light company, who had the misfortune to burn his foot while reading meters, is again able to be at his office.

Mr. and Mrs. C. J. Pence of North street were Thanksgiving guests at the home of their son and daughter, Mr. and Mrs. Harris Owen in Columbus.

Miss Ruth Barrington, who is engaged in teaching at St. Mary's O., is spending Thanksgiving at the home of her parents, Mr. and Mrs. J. M. Barrington in West Broadway.

Miss Alma Brumback, who is teaching at Bowling Green is at home with her mother, Mrs. A. M. Brumback, lady principal of Shepardson College.

Mrs. Frank Sweet has been spending a few days at the home of her parents, Mr. and Mrs. George Stevens in Park Drive.

Rev. and Mrs. Millard Breisford have as guests for the Thanksgiving holidays, their mother, Mrs. Carhart of Coshocton, and Mr. and Mrs. Hencke of Tippacannoe, City, whose daughter, Miss Edna Jane Hencke is a student in Denison.

Miss Dorothea Lapp who is teaching in Van Wert, and her brother, Stuart of Cleveland are at their home in College street for the week-end.

Mr. and Mrs. R. W. Soule are entertaining, their brother, Mr. C. Soule of Akron.

Mr. A. B. Taylor, superintendent of the telephone system of the New York Central railroad, his wife and two daughters, Misses Edna B. and Violet J. Taylor, are spending the Thanksgiving holidays in Granville visiting their daughters, Misses Blanche F. and Elsie B. Taylor, who are students in Denison, and are guests at the home of Mr. and Mrs. F. L. Ferguson in South Mulberry street.

## Wings and Wishbones.

Scientists call the "wishbone" the furcula, and it is the union of what are in man two collar bones. These receive the brunt of the strokes of the wing that turn the creature in its flight.

Few of us appreciate the strength of the stroke of the bird's wing. A swan has been known to break a man's leg by a blow of its wing, and in like manner the wing beatings of the larger birds are dangerous if they strike the human head or face. If, therefore, a large bird is in the habit of making sudden turns to right or left in its flight it must be fitted with a "wishbone" capable of withstanding the great strain of the wing stroke on the one side when unaccompanied by action on the other.

For this reason we find in the eagle and birds of its class that turn quickly a furcula that is a perfect Roman arch, widely at variance with the Gothic arch, which is the shape of the "wishbone" of our common fowls. The eagle's furcula is everywhere equally strong and lacks those points of weakness that make our sport of breaking the "wishbone" possible.

The woman a man loses is the goddess that meets all of the conscious desires of his heart.

## BUYERS BEGGED TO TAKE TURKEYS AT BOTTOM PRICES

There will be plenty of turkey dinners over the city for the next few days for the bottom dropped out of the turkey market Wednesday evening. Marketmen had saved their fowls for the big demand which they expected Wednesday but when prospective buyers found the price to be 35 cents, they simply gave them "the once over" and purchased a cheaper fowl or roast for the Thanksgiving dinner. As a consequence turkeys were a drag on the market and when night came there were hundreds of turkeys unbought. Marketmen got busy on the phone and called up customers offering big reductions. Proprietor Wm. Kuster of the Serv Self restaurant had a half dozen calls and even one after he had retired. He was offered turkeys at his own price, for dressed fowls, that is those that are drawn, can not be kept many hours, even in cold storage. C. E. McDaniell had a dozen calls and was offered turkeys, drawn and ready for the oven, at 20 cents per pound, a drop of 15 cents. It is a safe prediction to make that next Thanksgiving turkeys will bring what they are really worth, as scores of fowls had to be sacrificed on account of no demand owing to the almost prohibitive price. In some cities turkeys sold as low as ten cents to redressed fowls and Wednesday night they brought only five cents in Pittsburgh, and thousands of them were spoiled and had to be cremated.

In view of the high prices charged  
for everything, the old song should  
read "Everybody Works Father."  
Although the jewelers are sup-  
posed to keep all precious stones, so  
far they fail to include any supply  
of coal.  
President Wilson boils down his  
message to 2,000 words. It is very  
evident that he never studied to be  
a lawyer.  
Even Thanksgiving turkey loses  
its zest when it makes its fifth ap-  
pearance on the table in the form  
of bone broth.  
Among those who have joined the  
Back to the Soil movement are a  
hundred or more members of the  
outgoing Congress.  
It is believed that the government  
will fine the food combines so much  
that they will have to add on to their  
prices to make it up.  
A great many people succeeded in  
living on 40 cents a day by making  
everyone else pay the grocer enough  
for their bad bills.  
Merchants who want people to do  
their Christmas shopping early could  
promote the movement by advertis-  
ing their bargains now.  
Many of our generous minded peo-  
ple would be willing to buy Red  
Cross seals if the government would  
accept them as postage stamps.  
It brain workers will work over-

as much as the day laborer who uses  
his muscle only for eight hours.  
The fact that Leap year is about  
over will not prevent the girls from  
accomplishing the same results by  
less obvious means.  
Many people will as usual join  
the Daylight Saving Movement by  
staying up until the early hours of  
the morning for the New Year cele-  
bration.  
In spite of bungling work, the  
girls should be encouraged to knit  
things for the soldiers. If writers  
don't fit, they can always be used  
for abdominal bands.  
The politicians now go down to  
Washington deeply interested in the  
development of agriculture, deter-  
mined to make two plums grow  
where one grew before.  
After beating around the bush  
for several weeks, the diplomats  
who are working over the Mexican  
border problem consider themselves  
fortunate if they get back just where  
they started from.  
If goods of the same fine quality  
that are made in the great majority  
of American factories came from  
shop across the ocean, how people  
would scramble and pay high prices  
to get them.  
Judging by the estimates put out  
by most towns of their rate of  
growth, this country must now in-  
clude 200,000,000 people instead of  
the meager 102,826,309 announced  
by the Census Bureau.

soner J. D. Robinson of Chicago,  
who is trying out a 40 cent daily  
diet with a squad of experimenters  
in Chicago. He contends that 40  
cents a day is ample for good and  
wholesome food for any person.  
In all probability it is. But it re-  
quires a certain firmness of human  
nature to maintain a limitation on  
one's expenses. The housewife goes  
to the butcher's shop determined  
not to spend more than 40 cents on  
the family dinner. But when she  
gets there she finds the cheaper  
cuts of meat are gone. Or she sees  
a lot of attractive foods put up in  
candy boxes. Or bacon, fruits, or  
cakes look so attractive that she  
can't resist the temptation. She  
goes home finding that her 40 cent  
dinner has cost her a dollar or more.

Formerly it was second nature to  
consider every penny and nickel.  
Now most people have a very com-  
fortable feeling about expenses. If  
they spend more than they expected  
for a certain article, they think hope-  
fully that they will make it up else-  
where. But they never do. Their  
appropriations for all departments  
of expense are exceeded, and at the  
end of the year they are surprised  
to find themselves in debt.

Administering a household eco-  
nomically has become a science in  
these times. It involves spending a  
lot of time at the grocery store and  
at the butcher's shop. Also a lot of  
time in the kitchen. It cannot be  
secured by issuing orders over a tel-  
ephone, nor handing out commands  
to a more or less ignorant servant.

It involves watching for bargains  
and keeping an eye on newspaper  
advertisements. It means testing  
out the less expensive foods to find  
those that are appetizing and nour-  
ishing. There are plenty of ways of  
saving money even in these times  
for people who will make a study  
of it.

Who Ditched the Hughes  
Machine?  
(New York Evening Post.)  
Who ran the Hughes machine into  
the ditch? The Progressives blame  
the Old Guard chauffeur, and the  
Old Guard driver puts it up partly  
to the Progressive small boys who  
scattered broken glass on the road,  
and partly to the passenger who in-  
sisted on interfering with the chauff-  
eur. Who is responsible for the fa-  
mous California handshake that did  
not come off? Who is guilty of the  
Golden Special, the Roosevelt war  
speeches, the loss of Ohio when Wis-  
consin and Indiana were saved? Should  
the soup kitchen have been  
opened up earlier in the campaign,  
or should they have remained  
closed? On both sides it is taken for  
granted that the Republicans had  
the election won, and that bad man-  
agement threw it away. In neither  
camp is there any seeming inclina-  
tion to admit that perhaps there was  
something more fundamental involv-  
ed than an unskillful chauffeur or  
a nervous passenger or a bad boy in  
the middle of the road. When Re-  
publicans speak of states that were  
lost while others were saved, they  
might ponder the fact that Wilson  
gained more heavily in "saved" Mas-  
sachusetts than in "lost" Kansas;  
more in Michigan than in Washing-  
ton, more in Maine than in New  
Mexico. Instead of asking them-  
selves how they managed to lose  
Kansas, Washington and New Mex-  
ico, they might be asking themselves  
how they succeeded in saving Massa-  
chusetts, Michigan and Maine. So  
far the evidence is that the Republi-  
can machine was not ditched at all,  
but that it ran out of gas.

The Shifting Population of  
Chicago.  
(Chicago News.)  
In the course of his report to the  
Council Committee on Gas, Oil and  
Electric Light, Professor Bemis sets  
forth the striking information sup-  
plied to him by the gas company,  
that 44 per cent of the gas users of  
Chicago move every year. The fig-  
ures, which relate to business con-  
cerns as well as to homes, show an  
almost incredible degree of restles-  
sness on the part of the city's so-  
called "fixed population." The  
"floating population" does not es-  
tablish commercial relations with  
the gas company. The experts who  
providing this statistical sensation  
make it known that the percentage  
of yearly removals by users of elec-  
tric light is smaller, being 33 per  
cent.

Such frequent changes of habita-  
tion must have a deteriorating effect  
upon the sum total of character and  
citizenship in the great community.  
They indicate that something is  
wrong either with many individuals  
or with their social environment, or  
both. However, the optimist will not  
overlook the fact that many of  
the changes result from increasing  
prosperity or from well considered  
efforts to improve family surround-  
ings to meet the special needs of  
growing children.

Tell a fellow he is full of pep and  
he naturally will feel that he is hot  
stuff.

### The War and Democracy.

(Philadelphia Record.)

The debate in the Russian Duma  
which resulted in the resignation of  
Premier Stuermer marks a notable  
advance in the cause of popular gov-  
ernment. Stuermer, who is of Ger-  
man origin, is accused of favoring  
a separate peace for Russia, which  
would have brought Russia and  
Germany into very close accord.  
The editor of The Russian Hebrew  
explains that the people of Russia  
feel that the war must result in  
breaking down the autocracy and  
extending political rights to the  
people. The allies of Russia in this  
war are a Republic and a State that  
is monarchical in form, but more  
democratic in the actual power of  
the people over the Government  
than either France or the United  
States. But a separate peace would  
mean an affiliation with Prussia,  
and the feeling of the people is re-  
sistant to be that if Russia were  
separated from France and England  
and bound to Germany, there would  
be no chance of the liberalization of  
political institutions.

Perhaps there would not; but the  
appointment of Herr Zimmermann  
to be German Secretary for Foreign  
Affairs is suggestive of the rapid  
progress of democracy under the  
Kaiser. It is only a few weeks since  
Herr Zimmermann talked at length  
with an American correspondent of  
the rapidly growing demand for  
more liberal political institutions in  
Germany, predicting that the de-  
mand would prevail in the near fu-  
ture, and some features of it might  
be realized before the end of the  
war.

Some of the smaller German  
States, he said, were thoroughly au-  
tocratic; in Prussia the plural voting  
system practically put all the polit-  
ical powers in the hands of a small  
class of large landowners, and the  
Vice-chancellor of the Empire was whol-  
ly independent of the Reichstag and  
responsible only to the Kaiser. The  
Ministers were not Cabinet Minis-  
ters as the term is commonly un-  
derstood, but bureau chiefs to the  
Chancellor. The two reforms which  
he deemed certain to come about in  
the near future were a change in the  
Prussian suffrage, which would  
transfer power from the landlords  
to the people, and a ministry re-  
sponsible to the representatives of  
the people, which would be revolu-  
tionary in its effect upon the power  
of the Kaiser.

The fact that a few weeks after  
Herr Zimmermann gave this discus-  
sion on the German system of gov-  
ernment to an American newspaper-  
man he was promoted to succeed  
Dr. von Jagow suggests that his in-  
terview did not cost him the imper-  
ial favor. Democracy is advancing.

### The Electoral College.

(Springfield Republic.)

The electoral college is thun-  
dered against once in four years;  
the closer the election of a President,  
the more criticism the venerable in-  
stitution receives. It is one of those  
peculiar things that no one could  
or would have designed; in its present  
form it is a growth for which cir-  
cumstances alone are responsible. It  
is theoretically a monstrosity in gov-  
ernment; but, like so many things  
in politics that are logically absurd,  
it really works well enough ordi-  
narily to withstand and outlive hosts  
of critics. It reminds one of the  
British crown in this—that it does  
not do enough harm to democratic  
institutions to make worth while the  
substitution for it of something  
more logical and modern that might  
not work so well. The fact that the  
candidate who received a plurality  
of the popular vote in the recent  
election also received a plurality of  
the electoral vote has doubtless ren-  
dered impossible, an immediate  
change in the system under which  
we chose our Presidents.

### Value of Small Colleges.

(New York Evening Post.)

The resignation of President  
Sharpless of Haverford College, to  
take effect upon the rounding out of  
three decades' service at the close of  
the academic year, gives occasion  
for comment on the value of the  
small college—the college that not  
only refuses to enter into the gen-  
eral scramble for numbers, but also  
refrains from attempting the role  
of a university. Of this type of col-  
lege Haverford is perhaps the very  
best example in the country, and in  
Dr. Sharpless it has enjoyed the  
good fortune of having an ideal  
head. No universal rule can be  
laid down for the guidance of young  
men choosing a college; but there  
are unquestionably many for whom  
a college like Haverford would be  
best, and who simply drift with the  
tide in going to the big universities.

### Things We Never Hear.

(Chicago Herald.)

"Wife, I believe you need a new  
gown."  
"No, I did not resign. I was  
fired."  
"I've just permitted you to call  
Mr. Spender, because you bring so  
many presents."  
"I did not marry him for love; I  
wanted a position in society."  
"It was not hard luck. We were  
defeated because they were the bet-  
ter players."  
"I did not run because so many  
friends urged me to; I wanted the  
office."  
"I cannot answer. I never talk  
with customers while shaving them."  
"None of our children ever say  
cute things."  
"The plumbers have always been  
very fair with us."

any longer if Hughes should congrat-  
ulate Wilson. The Republicans had  
more money than some other things  
that come in handy sometimes in  
managing a campaign—especially  
in managing the "strategy" depart-  
ments of a campaign. Louisville Courier

**Nineteen Twenty.**  
The Democratic electors in Califor-  
nia have received their certificates of  
election, and the last chance of tying  
up the presidential election has dis-  
appeared. The president's plurality  
is small, but that he should have any  
plurality—and he got 3806—in a  
Republican state at an election in  
which "Hi" Johnson got an enorm-  
ous majority for United States sen-  
ator, is a remarkable achievement. It  
must be credited to the Progressives,  
who declined to be driven into the  
Republican corral by Theodore  
Roosevelt and George C. Perkins.  
The investment in Mr. Roosevelt  
was a losing venture. Republicans  
are now saying that he is out of the  
question in 1920 because he has  
twice procured the defeat of their  
party.—Philadelphia Record.

You can wisely depend upon TONSILINE.  
Give Tonsiline upon the first appearance of  
Sore Throat—don't give Diphtheria a  
chance in that throat in its weakened con-  
dition. When TONSILINE is swallowed it  
comes directly in contact with the diseased  
surface and induces a healthy condi-  
tion of the membranes—then the  
system can better defend the throat  
if attacked by Diphtheria germs.

**Spirit of the Press**  
**Fond of Sports.**  
New York is a town of considera-  
ble size, with a good many hotels,  
but it was actually put to it to ac-  
commodate the crowds that descend-  
ed upon the city to see the football  
game between the cadets and the  
midshipmen. Saturday night every  
hotel room was full; ballrooms were  
converted into dormitories; corridors  
were lined with cots, and it is esti-  
mated that 10,000 persons had to  
seek shelter in remote, outlying por-  
tions of the city. This reflects the  
interest of the public in sports, and  
especially in the annual contest be-  
tween West Point and Annapolis,  
which has come to be a sort of na-  
tional event, because the president  
usually attends, and always there are  
the notabilities of the army, navy  
and public life. It is believed that  
\$0,000 persons saw the Yale-Harvard  
game, and by putting in 10,000 tem-  
porary seats 50,000 were able to see  
the West Point-Annapolis game.—

# OPENING OF TOYLAND

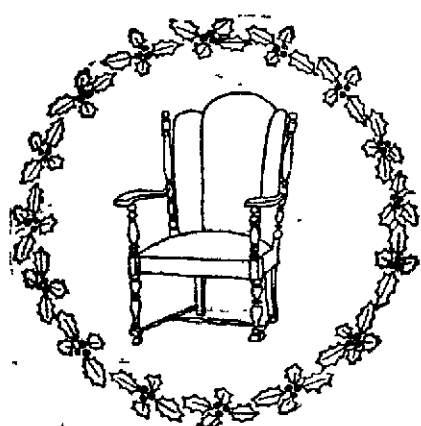

## Dear Children

I will be with you Saturday. Isn't that good news? Can hardly wait. I'm covering the ground as quickly as possible. The roads were deep with snow up where I live, and I have had great times, fairly plowing my way through it. But I find that there is not enough snow for me here, so I have abandoned my reindeer and am coming by rail. Will arrive at 12:30 over the Granville car line. Meet me in Toy Town at 1:00 o'clock. I will have a present for all you children.

Merrily,  
SANTA CLAUS.

## Will their be REAL MUSIC in your home at Christmas

There is no one so unmusical as to believe that a talking machine produces real music. At best, a talking machine, no matter how much it costs, no matter what artists make records for it, no matter what claims are made for it by its manufacturers, gives only a hollow imitation of the original music.

## The NEW EDISON

Is not a Talking Machine

This new invention of the world's greatest inventor is in no real sense a talking machine.

It represents more than two million dollars spent in research work by Mr. Edison.

It represents the achievement of his ambition to produce a musical instrument which recreates all forms of music so perfectly that the original cannot be distinguished from the Re-Creation.

By hundreds of tests, before hundreds of thousands of music lovers, it has been proved conclusively that when an artist sings—or plays—in comparison with the New Edison's Re-Creation of that artist's performance, it is impossible to distinguish the original from the Re-Creation. The music critics of more than 200 of America's leading newspapers testify to this fact in the columns of their own papers. We shall be glad to show you what the critics say.

### HEAR THIS NEW INVENTION

Come to our store and let us give you a concert of Re-Created music. Come at any time. You will always be welcome. There is no obligation to buy. We merely want you to hear what we consider the world's greatest musical instrument.

Here are just a few of the many bargains in GOOD Furniture at Stewart Bros. & Alvard Co.'s, the result of our desire to always keep our stock new, and up to date. If you don't find what you want in this list you will find it in our store:

## 60 CANDIDATES ARE INITIATED BY LOCAL K. OF C.

The local council of the Knights of Columbus entertained a number of visitors from neighboring cities and were hosts at the initiation of a class of nearly sixty candidates on Thanksgiving day. The initiatory services included candidates from Zanesville, Mt. Vernon, Dennison, Circleville, New Lexington, Coshocton and Danville, and the first, second and third degrees were conferred.

The work was presided by the entire body of Knights attending, 9 o'clock mass at St. Francis de Sales church which was celebrated by the pastor, Rev. Father B. M. O'Boylan. The degrees were conferred and the initiation took place in the Red Men hall in West Park place. The first degree was put on at 10:30 by the Newark Council, and the second degree at 2 o'clock by the New Lexington council. P. J. McCarthy and staff of Cleveland conferred the third degree. Twenty-five candidates from Newark were taken into the local council.

At 6:30 o'clock the Knights formed in a body at the club rooms in West Main street and marched to the banquet room. This had been attractively arranged with American flags and the tables which extended the length of the long room, were perfect as to appointment. The tables were centered with clusters of red and white roses and at each place were found the programs and menu cards, which were done in two tones of brown.

Mrs. Gray, cateress, with a corps of waiters served three hundred people.

The following is the menu:  
Oyster Cocktail Pickles  
Celery Olives  
Roast Young Turkey Sage Dressing  
Mashed Potatoes, Peas in Timbals  
Giblet Gravy Cranberry Sauce  
Vegetable Salad  
Ice Cream Assorted Cakes

Attorney Ray Martin presided as toastmaster and the benediction was asked by Rev. Father B. M. O'Boylan. A number of short talks followed the menu, Mr. Martin calling on several for impromptu remarks. Among the speakers were Rev. Father O'Boylan, pastor of St. Francis de Sales church, Attorney Vincent Tague of New Lexington, Father A. C. Hetz, assistant editor of the Josephine Weekly of Columbus, Dr. J. P. H. Stedem of Newark, Eugene McCune of Dennison, Father Herman Fischer, Professor of Universal and church history at the Josephine College in Columbus, John Kidwell of Columbus and Arthur E. Willert, Grand Knight of the local council.

## PIMPPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

## Don't Wait for the Cold to Settle

The wise way is to use Turpo before the cold settles. But if you've let it go too long—until your throat is raw and your chest is heavy with congestion—rub on Turpo, and rub it IN. Pin on a warm flannel bandage. And take a good cathartic. Turpo applied in the nostrils will clear your head and ease your breathing.

Use Turpo also for catarrhs, for neuralgia, for cuts and burns and bruises. It quiets pain and breaks congestion. Buy Turpo of your Druggist. 25c; 50c; \$1.00.

Sold by Evans Drug Store, R. F. Collins, R. L. Williams, Frank D. Hall.

## GERMANY RESENTS NORWAY'S ATTITUDE AGAINST U-BOATS.

Christiana, via London, Dec. 1.—The Dagbladet, today publishes an interview with Herr Michaelis, German minister to Norway outlining Germany's point of view on the submarine controversy with Norway. The minister says in part:

"Germany cannot tolerate any special treatment of war and merchant submarines by neutrals. Norway is the sole neutral which by special instructions has conveyed the impressions of adopting the view of the entente.

"Germany is permitted by international law to defend herself with all her powers against Norwegian ships carrying contraband which prolongs the war; and the recent food crises in Great Britain, France and Russia have shown that Germany is on the right plan. Germany will not be deprived of the sharp weapon she possesses in the submarine. On the other hand, Germany will always respect Norway's really difficult position and the most we expect of really independent Norway is that she does not treat German warfare and German economic problems differently than those of the enemy."

## MAV MAKE COIN WORTH 2 1-2 CENTS; DEMAND FOR IT.

(Associated Press Telegram) Washington, Dec. 1.—A two and one-half cent piece is demanded by the country according to the director of the mint, whose annual report, made public yesterday, recommends passage of a law authorizing coins of that denomination from copper and nickel.

"When you consider that we have no coin between the one cent piece and the five cent piece and that many an article worth more than a cent and less than five cents sells for the latter price because of the lack of an intermediary monetary unit of value," says the director, "the economic importance of it will be readily seen. Articles which now sell for fifteen cents each or two for a quarter would sell for 12 1-2 cents. Popular shops, such as the five and ten cent stores would undoubtedly place articles now selling two for five cents on sale at 2 1-2 cents."

## 445 MILLION COINS IS NOVEMBER OUTPUT AT PHILADELPHIA MINT.

(Associated Press Telegram) Philadelphia, Dec. 1.—With an output of 9,850,000 dimes, 3,266,200 nickels and 28,975,450. In addition to this coinage, two million ten-cent silver pieces were coined for the republic of Ecuador.

For the eleven months of 1916 the coinage has aggregated 191,555,926 pieces, all dimes, nickels and pennies. The mint is working double shifts and officials say there is no indication of a let-up in the demand for small coins.

## NEWARK MEN WILL ADDRESS ROTARIANS AT ZANESVILLE.

At the meeting of the Zanesville Rotary club which will be held at the Glendon Hotel in that city this evening, J. Howard Jones, president of the Newark Rotary club and W. E. Hopkins of the Newark Welfare bureau will be the speakers. Dinner will be served and the members will further discuss plans for attending the national Rotary convention at Atlanta next June.

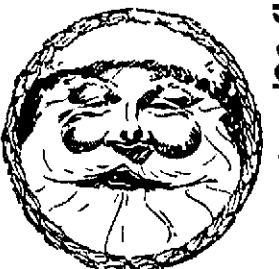

## CLOTHING WORKERS GET SHORTER HOURS.

(Associated Press Telegram) Chicago, Dec. 1.—Chicago clothing workers, hereafter paid on a fifty hour weekly wage scale, will be paid the same wages for 48 hours work beginning today. Jacob Abt, president of the Chicago wholesale clothiers' association announced. Time and a half will be paid for overtime instead of straight wage. Mr. Abt asserted that today's reduction in working time means that more than \$1,000,000 additional yearly will be paid to employees by members of the organization.

BODY OF LATE EMPEROR FRANCIS JOSEPH PLACED IN CAPUCHIN CRYPT.

Services Were Brief and Were Attended by Many Royal Personages—No Flowers on Coffin.

(ASSOCIATED PRESS TELEGRAM)

Vienna, Nov. 30, via London, Dec. 1.—In the presence of Emperor Charles, the young crown prince Francis Joseph Otto, the king of Bulgaria, Bavaria and Saxony, the German crown prince and a large number of teitonic princes and special envoys from neutral governments, the remains of the late Emperor Francis Joseph were buried this afternoon.

The services were extremely simple and lasted only twelve minutes. No flowers were used, everything connected with the ceremony being of severe plainness and simplicity.

The body was conveyed to St. Stephen's cathedral over a long route through the city, enormous crowds lining the streets as it passed. Emperor Charles and the other high mourners awaited the coffin seated around the catafalque.

After the cardinal had sprinkled the coffin it was placed in the hearse by the pall bearers and taken to the Capuchin crypt when it will remain. The mourners followed the hearse on foot to the crypt where another short service terminated the ceremony.

### HUNDREDS CALL TO AID VICTIM OF HICCUGHS.

(ASSOCIATED PRESS TELEGRAM)

Columbus, Dec. 1.—This city is taking an unusual interest in the case of Thornton Smith, aged 56, who has been trembling violently with hiccoughs since a week ago yesterday.

It was learned today that more than 300 telephone calls were received at the Smith home yesterday suggesting remedies. So many people called at the house that relatives were forced to lock the door. Many calls, suggesting home remedies, have been received by the police and forwarded to the physician in charge, but none has effected the desired relief.

Physicians say he cannot live. A peculiar fact about the case is that the patient eats with a ravenous appetite. Mr. Smith has seven children.

### GUARD REGIMENTS SPEND TWO WEEKS ON TARGET RANGE.

(ASSOCIATED PRESS TELEGRAM)

San Antonio, Dec. 1.—A provisional brigade composed of the First Mississippi infantry, second West Virginia infantry and third district of Columbia infantry was prepared today to leave camp Wilson for Leon Springs, next Monday to spend two weeks at target practice and field training. These regiments were the last to come to San Antonio and they have not had the training which other organizations received during the summer months.

### DIET SQUAD STILL GAINS ON SHORT RATIONS TEST.

(ASSOCIATED PRESS TELEGRAM)

Chicago, Dec. 1.—The diet squad of twelve persons today began the tenth day of an attempt to demonstrate that it is possible to live well on forty cents a day, with an average weight of 153.75 pounds, an average increase of 1.66 pounds over the first day weights. The total increase in weight is twenty pounds. Dr. A. J. Stokes, the only member of the squad not gaining, showed a loss of 2-3-4 pounds since the start. The test will end next Tuesday evening.

## THANKSGIVING DINNERS OFTEN LAY BURDENS

Follow This Advice and the Load Will Be Lighted.

If your Thanksgiving dinner put a heavy burden on your stomach than it is made to bear go to your medicine chest, get out your Nerv-Worth and take a tablespoonful after each meal until affairs are righted. Then your stomach will be in shape to tackle Christmas dinner.

Do not wonder that it is taken for granted your medicine chest contains this supreme family tonic. Thousands of these receptacles now-a-days are just as well furnished with Nerv-Worth as they are with other indispensable staples, such as camphor, etc.

### TWO COMPANIES IN TOLEDO BOOST EMPLOYEES' WAGES.

(ASSOCIATED PRESS TELEGRAM)

Toledo, Dec. 1.—Two thousand men are affected by increases in wages granted by two companies both of which take effect today. Three hundred employees in the car shops of the Wabash railroad started this morning on a ten per cent. increase which includes all classes of employees, piece workers and salaried as well as day workers. Under the schedule, coach carpenters get 34 cents an hour, coach painters 30 cents and wrecking crew employees 24 1-2 cents.

Seventeen hundred men in the employ of the Edward Ford Plate Glass company began today under an increase of eight per cent. making a total increase for the year of 26 per cent.

## New Packing House Visited by Two Thousand; Barbecue Marked Completion of Plant

Nearly 2,000 people, men and women, with scores of out of town visitors attended the big ox roast as the guests of the Miller Packing company yesterday afternoon at their new plant in McDaniel avenue. The roast was given to commemorate the completion of the plant which will be placed in operation within the next ten days. The packing house is a credit to the city and to the hustling firm which has established a reputation over central Ohio for honesty, fair dealing and furnishing the best goods which can be procured.

All of the machinery which has been installed is of the latest pattern, the same as that of the larger packing houses of the middle west. Every thing is modern and the sanitary arrangements could not have been improved upon. Experts will be in charge of the various departments and the Miller firm will be in a position to command a trade which will keep a large force busy during the entire year.

Thomas Murphy, the well known barbecue chef, was in charge of the

big roast and prepared two ovens for the occasion. Mr. Murphy is an expert and all present knew that an elegant feast was in store and they were not disappointed.

One hundred gallons of beef bullion was served with fifty gallons of O. K. coffee by James A. Kreider, West Newark grocer, and a competent corp of assistants. Director Murphy with a dozen experienced waiters looked after the guests and served the plates heaped high with a generous portion of roast oxen, celery, pickles, vegetables and bread and butter.

Over a hundred autos were parked at the plant and out of town people were present from Zanesville, Cambridge, Mt. Vernon, Coshocton, Columbus, Wheeling, Mansfield and towns of Licking county. The Miller Brothers received the guests and saw to it personally that every one enjoyed themselves and had a good time. They were the recipients of many compliments for the manner in which the affair was conducted, and a generous share went to the barbecue director and chef, Mr. Murphy.

## BOYCOTT

ON FOOD WILL NOT STOP AT EGGS SAYS PROMOTER IN NEW YORK.

Turkeys Left on Hands of Dealers Will go to Cold Storage.

(ASSOCIATED PRESS TELEGRAM)

New York, Dec. 1.—The campaign against the high cost of living entered another stage today when the presidents of nearly a score of retail grocer associations and representatives of several delicatessen associations met with Joseph Hartigan, commissioner of weights and measures. Mr. Hartigan was prepared to place before the representatives statistics relative to foodstuffs and to the methods of the so-called cold storage trust.

A series of boycotts on poultry, butter and other foodstuffs similar to that now in force on eggs, is proposed, the butter boycott to begin Dec. 12, when the egg ban will have run two weeks. Whether the latter will continue or not after that depends, it was said, upon the price which eggs are selling there. The wholesale price of eggs has dropped from 3 to 4 cents a dozen on all grades since the inception of the boycott.

"The egg boycott, while not at its height yet, is gaining ground fast," declared Commissioner Hartigan. "It is proving an effective weapon to decrease demand and lower prices. It helps to stabilize prices, it promotes economy in the use of eggs and it contributes in the stoppage of waste."

Commissioner Hartigan declared that a national cold storage law was needed to protect consumers against abuses in the marketing of perishable foods.

Reports from various cities are today to the effect that thousands of turkeys were left on the hands of the dealers Thanksgiving as the result of the refusal of housewives to pay high prices. The surplus stock will be held in cold storage for the Christmas trade and it is predicted that in consequence the price of Christmas turkeys will be greatly reduced.

As a result of the high cost of living the federation of Jewish farmers of America, in convention here, will extend its principle of co-operative buying. Representatives of the 1500 members of the federation reported that their expenses have increased rapidly in the last four months.

## TO STOP BAD COUGH

Scotch Dry, Irritated Throat With Parment Syrup. Says This Old Fashioned Cough Remedy is Best

We are told that the old time remedies are best and invariably contain less harmful yet better medicine than those which are in use today. This being so, undoubtedly the following old fashioned recipe which is quick acting will be welcomed by many as there seems to be a regular epidemic of coughs at the present time. Secure from your druggist 1 ounce Parment (double strength), take this home and add to it a quarter pint of hot water and 4 ounces of granulated sugar, stir until dissolved. Take 1 tablespoonful four times a day. No more racking your whole body with a cough. Clogged nostrils should open, air passages of your head should clear and your breathing become easy. Parment syrup is pleasant to take, easy to prepare and costs little. Every person who has a stubborn cough, hard cold or catarrh in any form should give this prescription a trial. There is nothing better. T. J. Evans can supply you.—Advertisement.

## FEDERAL AGENTS AFTER IMPORTERS OF AGRETTES.

(ASSOCIATED PRESS TELEGRAM)

Chicago, Dec. 1.—Agents of the United States treasury department have begun an investigation into the source of supply of Chicago dealers in agrettes and gaura feathers. It was learned today. It is charged that although the importation of these decorations for women's headgear has been prohibited for some time, the supply apparently has not diminished. Approximately \$25,000 worth of these feathers have been brought into Chicago in the last few months, it is said, most of them from Cuba by way of Tampa, Fla.

## Glass of Water Before You Eat Any Breakfast

Wash poison from system each morning and feel fresh as a daisy.

Every day you clean the house you live in to get rid of the dust and dirt which collected through the previous day. Your body, the house your soul lives in, also becomes filled up each twenty-four hours with all manner of filth and poison. If only every man and woman could realize the wonders of drinking phosphated hot water, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "run-downs," "brain fags" and "neurotics" we should see a virile, optimistic throng of rosy-cheeked people everywhere.

Everyone, whether sick or well, should drink each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten years of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Advertisement.

## COLUMBUS COPS IN LICKING COUNTY; CAN'T FIND MURDER.

Covering territory extending over 60 miles last night, Officers Van Gieson, Kaffis and Mahoney, in automobiles, scoured the vicinity north-east of Columbus in a futile attempt to locate the scene of a reported double murder.

Word was sent to Sheriff Resch at 5:25 that the murder was in Taylor Station. In 17 minutes two ambulances and the police cars were there, but nothing was found. The trail continued through New Albany, Johnstown, Gahanna and other places, reaching Burlington township, Licking county.

Unable to get any traces of the reported crimes, the police returned in three hours.

## FIGHT

AGAINST LIQUOR TRAFFIC WILL COME NEXT FALL ANTI-SALOON LEAGUE DECIDES.

Announcement By J. A. White, Ohio Superintendent Confirms Rumor in Circulation.

(ASSOCIATED PRESS TELEGRAM)

Columbus, Dec. 1.—Another effort will be made next fall to place Ohio in the dry column, according to official announcement made today by J. A. White, superintendent of the Ohio anti-saloon league. The question of state wide prohibition will be submitted to the voters in the form of a proposed amendment to the constitution.

Although it had been rumored that the dries would call another election in 1917, this action was not decided upon officially until today, following a referendum vote of the workers over the state. Details of the proposed constitutional amendment to be submitted will be determined at the state dry convention to be held in Columbus January 16, 17 and 18.

"There will be no political campaign next year to interfere with a full and free expression on the wet and dry issue," said a statement issued by Superintendent White, "and it will be an opportune time for the dry forces to pull together and win a splendid victory. Last year was a so-called off year in Ohio politics, yet the advocates of state wide prohibition cut down the wet majority of 1914 approximately 30,000 and while the wet vote last year fell off more than nine per cent, compared with 1914, the decrease in the dry vote was less than four per cent."

## CALL WITNESSES AGAINST GERMAN CONSUL IN WEST.

San Francisco, Dec. 1.—Subpoenaing of witnesses for the trial of Hans Bopp, German consul general at San Francisco and four members of his official family charged with breaches of neutrality in connection with an alleged conspiracy was begun today John W. Preston, U. S. district attorney, said about 250 men and women would be summoned by the government in the case, which is set for next Monday.

Louis J. Smith, alleged to have been in the employ of the German officials has been granted immunity. Although he is named in the indictment, Preston said the government would ask for dismissal of the charges against him and that he would be the government's star witness.

In addition to Bopp, those to be tried are E. H. von Shack, German vice consul; William von Brincken, attaché; Charles C. Crowley, detective for the German consulate and Mrs. Margaret W. Cornwell, Crowley's secretary.

## BUILD UP YOUR BLOOD

It is a hopeless task to try to restore your health while your blood is deficient in quantity or quality.

The blood circulates throughout every portion of the body except the hair and nails. It takes the nourishment from the food and distributes it to the various muscles and organs; it takes also any medication that is administered through the mouth. The blood is the only means by which medicine can reach the nerves. If the blood is thin its carrying capacity is lessened because it is the red corpuscles in the blood that carry oxygen and other needed constituents to the various parts of the body.

Dr. Williams' Pink Pills for Pale People increase the red corpuscles in the blood. They enable it to absorb more oxygen, to carry more life and strength to the weakened organs. In any disease in which the patient becomes thin and pale Dr. Williams' Pink Pills can be used successfully to combat the anemia and build up the health and strength.

"Building Up the Blood" is a booklet, full of good information. Every mother and every growing girl should have one. It is sent free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills. Price 50 cents.

## An Effective Laxative For Growing Children

Dr. Caldwell's Syrup Pepsin Highly Recommended as a Family Remedy.

In children the slightest irregularity of the bowels has a tendency to disturb the entire digestive system, and unless promptly remedied invites serious illness. The experienced mother knows that by training her children to regularity in this respect, and when occasion arises administering a mild laxative, she will have little need for the doctor's services.

Mrs. Leo Weigand, 3251 Central Ave., N. S., Pittsburgh, Pa., whose two boys, Frank and Joseph, are shown in the illustration, writes that she has found Dr. Caldwell's Syrup Pepsin a most effective laxative, not only for the children but also for herself, and that she will always keep it in the house to use when needed. Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that acts easily and naturally, without griping or other pain or discomfort. It is pleasant to the taste so that children like it, and is equally effective on the strongest constitution.

Dr. Caldwell's Syrup Pepsin can be obtained at any drug store for fifty cents, and should have a place in every home. It will save many times its cost in lessened doctor bills and maintain the health of the entire family. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Ills.

A gossip doesn't let it be said that "the half has never yet been told."

There are three kinds of experience—bitter, sweet and bitter-sweet.

## SERGEANT SHARTLE RETURNS TO BORDER ABOUT DECEMBER 15

Provost Sergeant George Shartle, of Columbus, son-in-law of the late Capt. W. A. Lovett, who recently returned from the Mexican border, was in town yesterday. Mr. Shartle is a member of the Fourth regiment stationed near El Paso, Texas, has been on the border since last summer. He is away on a thirty-day leave of absence which expires on December 15th.

Army life appears to agree with Mr. Shartle who is in the pink of condition. He says that the health of the whole regiment is splendid. Since going south one man in the regiment has been killed and a dozen have been wounded. The Fourth has done its share of guarding the line of communication between the Mexican border and Gen. Pershing's forces but at present the regiment is in camp about five miles from El Paso on border duty.

Sergeant Shartle says that about 8,000 United States soldiers are in Mexico now. Automobile trucks are used in large numbers to carry supplies from the border camps to the men in the field.

## Amusements

**Last Night's Show.**  
A record breaking attendance was made at the Auditorium theatre yesterday. Manager Penberg recording two complete sell outs. In the evening scores of people were turned away. The bill was "Peg O' My Heart," with Rea Martin in the leading role. She was very clever and her Irish dialect was greatly enjoyed. Her supporting company was above the average and the play as a whole was one of the best seen here this season. Manager Penberg may arrange to have the company play a return date here after the holidays.

**"Sins of Her Parent."**  
Frank Lloyd is a director who knows how to do things. That is why "Sins of Her Parent," the new William Fox photoplay in which Gladys Brockwell will star, is bound to be an enormous success. For instance, Mr. Lloyd employed a man to do nothing except give him the proper Alaskan atmosphere for this picture. The man was Alaska Jack, famous the country over as one time owner of all the land on which the city of Nome now stands. With Alaska Jack came \$2700 worth of Arctic "props," all the way from mukluks to seal harpoon and float bladders. With him also came his enormous knowledge of northern life and manners, and his wide range of human interest stories about the frozen country, which furnished Director Lloyd the proper background for his work.

The "Sins of Her Parent" with The Pathe Weekly, containing latest news events, also "Twas School Days," the local movie taken by the McHenry Film Corp. will be seen both today and tomorrow at the Auditorium. This picture has created a lot of talk and is of interest to Newark folks as the actors and actresses are selected from Newark prominent people. The Central and High school scholars and buildings are seen, as are many other noted Newark homes. The prices are the same as usual, being Five Cents for Children and Ten for Adults.

**"The High Life Girls."**  
One of the interesting features with "The High Life Girls" which will be seen at the Auditorium theatre next Monday with matinee, will be the girls decked out in stunning gowns, gorgeous frocks and cunningly devised hats and shoes, daintily and delicate footwear. A chorus full of pretty costumes and the costumes full of pretty girls. The dialogue of both the first part and the show is exceptionally witty. The lyrics set to tuneful music and the scenic and electrical effects excel their nearest competitor. Taking the production on a whole, it is sure to be the most pleasing attraction that will play this theatre this season. The cast will include such well known performers as Tony Kennedy, Ted Evans, George Collingwood, Harry Matthews, Warren Lincoln Travis, Micheline Pennetti, Katherine Ross.

## Backache Just Like a Toothache!

Dear Mr. Editor—Sometime ago I had backache very bad; it would ache just like a toothache. I tried a new discovery of Doctor Pierce's, called "Anuric." This is for kidneys and backache. I soon felt relieved of all backache and had no more pain, and I hope others troubled in the same way will try this wonderful new remedy.

Yours sincerely,  
(Signed) MRS. LINCOLN STEARNS.

NOTE: It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A new remedy, called "Anuric," has been discovered by Dr. Pierce, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darning pains and aches of articular or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, renal calculus. "Anuric" prolongs life because old people usually suffer from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissues. Dr. Pierce, who is director and chief physician at the "Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of over-worked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he determined to place "Anuric" with the principal druggists in town where people could get this ready-to-use medicine. "Anuric" is not harmful or poisonous, but aids nature in throwing off those poisons within the body which cause so much suffering, pain and misery. Scientists assert this remedy is 37 times more potent than lithia.

For Diabetes and Bright's Disease this remedy is building up a reputation as good as Dr. Pierce's other well-known medicines which have been proven reliable during nearly fifty years, such as Doctor Pierce's Favorite Prescription for the ills of women, Doctor Pierce's Pleasant Pellets, the liver regulator, and Doctor Pierce's Golden Medical Discovery for red blood.

Eva Lewis and the famous speed ball chorus of the daintiest, dancing ditties ever assembled. The book is, as its author claims for it, a big drive on any army of gloom that it's lines many encounter and in such capable hands of comedians of the calibre of Kennedy, Evans, Collingwood, Matthews and others, it is not to be wondered at their having taken all the trenches where any solemnity may have been entrenched. Much care and time has been taken in the selection of a chorus to be in keeping with the general surroundings and the management's efforts have been crowned with success for beyond their wildest hopes as the chorus of "The High Life Girls" has been termed the Speed Ball Chorus of Giresque Burlesque.

As usual a bargain matinee for ladies will be given on Monday, at which time the best seats are had for twenty-five cents. These shows are popular with the ladies and as usual the Monday matinee are played to capacity, so it would be advisable to secure seats well in advance. Seats now selling for both performances.

**Mae La Porte Company.**  
Newark theatre goers will be glad to know that they are in for five days of stock, at which time the following plays will be produced by Dainty Mae La Porte, who comes to the Auditorium starting with the evening performance on next Tuesday. Opening play "The Lady from Laramie," "The Breadyinner," "The Girl and the Sinner," "An Editor's Romance," "The Three Twins," "The Chorus Girls," "The Lure," etc. Among the members of Miss La Porte's company are found such well known artists as Fred Lyle, W. H. Everstine, Wm. Nichols, Frank Calahan, Karl Baiser, Dot Jewell, Marion Ashley, Clara Terriss, Beatrice Smith and others.

Between acts pleasing vaudeville will be offered and from start to finish something will be doing at all times. "The Mae La Porte" is the eighth season, but she has not played Newark in several years, but will surely be a welcome visitor as good clean classy entertainment at popular prices are always welcomed to our city. Each and every production is staged with special scenery, beautiful costumes and wardrobe, giving every setting its proper effect. Prices for the engagement will be 10, 20, 30 and 50 cents with matinee's 10 and 20 cents. Ladies will be admitted for 15 cents for the opening performance, same being limited to 300.

## ALHAMBRA.

**Tonight and Tomorrow.**  
Theodore Roberts, the celebrated actor, and Lasky star, will be seen at the Alhambra tonight and tomorrow in support of Mae Murray in the Jesse L. Lasky production of "The Plow Girl," a compelling drama of the South African veldt and English drawing-rooms, adapted from the famous story by Edward Morris and prepared for the Paramount Program by Charles Sarver.

Although he made such a great reputation for himself as the drunk father in support of Miss Mae Murray in "The Dream Girl," Mr. Roberts has surpassed himself as the besodden, cruel Boer farmer in "The Plow Girl." His make-up in this production is considered a masterpiece, even for him, and were it not for his wonderful artistic performance, it is doubtful if anyone in the audience would recognize this creature to be Theodore the Great.

"The experiment is in part successful—Lola reawakens to life—but HER SOUL IS GONE."  
Killed in an auto accident, then brought back to life by means of a wonderful invention her father has been working on for years. Clara Kimball Young in "Without a Soul" at the Alhambra theatre Sunday, will make you gasp at the terrible change which has come over her. This World Film of the popular star has been causing a sensation wherever shown.

## McDaniels Tie 7-7 With Marion Questions; Frank Hatters Lose to Fitz 26-0

With less than three minutes of play remaining and the Marion Questions leading with a 7-0 score, Jackson, the star right end for the McDaniel football team, yesterday afternoon at Wehrle park, took a 40 yard forward pass out of the air and sprinted across the visitor's goal line.

Smith, the local's center, famous for his kicking, offered careful preparation booted the ball squarely between the goal posts saving his team from a defeat and making the score 7-7.

Newark then started a fierce attack in an effort to shove the ball across the line for another touchdown. But the game ended with the ball on the visitor's 30 yard line.

It was the greatest contest ever waged at Wehrle park. In the first few minutes of play the Questions, after the locals had twice fumbled, crossed the McDaniel's goal line for their first touchdown. Anderson carried the ball over and Ross kicked goal.

From then on until the final kick which tied the score the teams battled back and forth across the field. Several times the locals threatened to score only to lose the ball on a fumble or on downs. In the second and third quarters the visitors were played off their feet by the great offensive work of the Macs, but the locals lacked the punch to put the ball over.

Never in the history of Wehrle park has there been such wonderful forward passing as that pulled off by the McDaniels in the Thanksgiving classic. Gains of 35 to 50 yards were made at least five times with Carter on the receiving end of most of the plays. Little ground was gained by Newark on end runs, but several times Carter and Hughes plunged through the line for substantial gains.

Unger, for the visitors was the star ground gainer for Marion, pulling off many runs for 20 yards. The Marion team showed its class by the team work and trick plays pulled, but the Newark line seemed to be able to figure each play before it was put into execution and prevent the ball advancing any great distance.

While the entire local team played a hard game and assisted in holding Marion to one touchdown and a goal, yet, the lion's share of the credit for the tie game, but go to Jackson, Thull, Smith and Williams. Jackson was the star of the quartet, by reason of his great defensive work in breaking up inferences and getting his man every time a run was attempted around left end. And when he was not stopping them on his side of the line, he was tearing the visitor's backfield to pieces by getting into it before the ball was handled.

Then in the last few minutes of play, the Chicago star, made an almost im-

possible catch of Thull's long pass and topped over Marion's goal line for the touchdown which placed the locals in a position to tie the score.

It was then up to Smith to determine whether the Macs would emerge from the contest with a clean record. And he came through greatly to the delight of the fans who swamped onto the field and cheered the McDaniel players until forced back by the police.

A great deal of the credit for Newark's successful aerial gains goes to Thull, whose passing line never been equalled in this city. The ball was always sent on a line to the man supposed to take it and seldom did the receiving player have to move out of his tracks to receive the pass.

Williams was the big obstacle on the line, breaking up play after play and stopping the visitor's line plunging. Four straight times a Marion man tried to advance the ball and each time, Williams brought the player carrying the ball to the ground and alone was responsible for holding the visitors to one down.

The crowd was the smallest of any this season, but those who passed through the turnstile saw a game of football that was a thriller from whistle to whistle.

The first game of the double header, between the Fitzsimmons team and Frank The Hatters, ended in a 26-0 victory for the formers, the Fitz's being to much for Manager Deininger's "gamest team in the state."

### 25 Years Ago

(From Advocate, Dec. 1, 1891.)

The Oyster supper due Dr. King from Judge Brister as a penalty of the latter's anti election enthusiasm was one of the social events last evening. Among those present to partake of the festivities of the occasion were Mr. and Mrs. Rollin Swisher.

Every member of the Newark Eureka brass band be present at Vogelmeir Bros. hall Thursday evening.

Mr. Lee Atherton, of Delaware county brother of Commissioner Herbert Atherton is here visiting the scenes of his boyhood and renewing old acquaintances.

The Fire Extinguisher Manufacturing Company of Chicago, will give an exhibition of extinguishing fire at 7 o'clock sharp this evening in front of the Central Fire Engine House.

The many friends of Mr. Thomas Haynes will be sorry to learn that he is lying very ill at his home on Vine street with typhoid fever.

### 15 YEARS AGO TODAY.

(From Advocate, Dec. 1, 1901.)

The memorial services held on Sunday evening in the rooms of Newark Lodge B. P. O. E. were very impressive and a large number of the relatives and friends of the members of the lodge were present. A quartette consisting of Mrs. C. W. Miller, Mrs. Anna Lawhead, Messrs. Warren Weiant and F. G. Warden furnished the music.

Gideon Lippencott decorated Mr. Ottman's blackboard Friday with some unique and appropriate lettering offering the congratulations of the school.

William De Long aged 17 years, had his left hand caught in a meat grinder at Millers and Howells slaughter house Saturday. It was necessary to amputate the four fingers.

Emily J. Blade, wife of Richard Blade, died Sunday morning at the home on Chanel street as a result of a stroke of paralysis.

### The World War a Year Ago Today—Dec. 1.

Italy joined in the agreement among the entente powers not to consider a separate peace and promised to aid Serbia with arms and ammunition.

Roumania gave notice that the Danube had been mined, closing it both to Bulgarians (with their Austrian allies) and Russians; also agreed to attack Austria if the allies would send 500,000 men to the Balkan front.

### Two Years Ago Today.

Von Hindenburg's army attacked Russian center at Lodz. Poland. Austria sent five corps from Serbia to Cracow.

### MILK STRIKE AVERTED.

Wheeling, W. Va., Dec. 1.—The milk strike which was to have become effective in the Wheeling district today was averted late last night when members of the tri-state milk producers' association granted an increase in price of 15 per cent. over the contracts last year.

**AD WOLGAST GETS DRAW IN BOUT WITH F. RUSSELL.**  
New Orleans, Dec. 1.—Ad Wolgast, former world's lightweight champion, and Frankie Russell of New Orleans, fought 20 fast rounds to a draw here last night.

### THE ORIGIN OF SIN AND SATAN

Evangelist to Speak On Much Discussed Topic.

EVANGELIST H. A. WEAVER.

"Ever since sin originated," says Evangelist Weaver, "it has been the policy of Satan to throw an air of mystery around the facts which deal with its beginning and primary cause. He has deftly pictured himself as a hideous looking creature with horns, hoofs and barbed tail, and has succeeded in leading the majority of earth's people into believing it. But the Bible tells a different story."

If you are interested in the subject, go to hear Mr. Weaver next Sunday night at the Seventh-Day Adventist church, 25 North Sixth street, at 7 o'clock. You will be welcome. 12-1-d-11

## Ruff-Bostwick.

The wedding of Miss Ellen M. Bostwick of Newark, and Mr. Claude Ruff of Havana, O., took place at the parsonage of the East Main street U. B. church on Thanksgiving day at 12 o'clock, Rev. A. B. Cox, reading the ring service. Mr. and Mrs. Ruff left for a trip east, and on their return will be at home with the bride's parents, Mr. and Mrs. L. A. Bostwick, 148 East Church street.

## McCann-Noland.

Mr. Byron C. McCann and Miss Beatrice E. Noland of Perryton, were united in marriage on Thanksgiving day, Rev. L. C. Sparks, pastor of the First M. E. church officiating at the ceremony which took place at his home in North Fifth street.

Mr. and Mrs. McCann will reside on a farm near Perryton.

One of the prettiest parties of the season was the dinner dance given by the Phi Sigma Chi fraternity at Assembly hall on Thanksgiving night, when the fraternity celebrated the feast of the white carnation.

The hall was festooned with paper ropes of the fraternity colors black and orange caught to the chandeliers which were shaded with canopies of the same colors. At the end of the hall had been placed a large emblem bearing the Greek letters. The dancers were given favors of paper caps of all styles, while the throwing of snowballs, confetti and the stringing of Toy balloons were also given to the guests.

A turkey dinner was served in the balcony, the tables being arranged with white carnations and at each place were found favors of white carnations. Program cases of black leather with the Phi Sigma Chi emblem in gold and caught with gold cords were also presented the dancers.

The guests were: Mr. and Mrs. Oscar Scheider, Mr. and Mrs. Bernard Wingender, Mr. and Mrs. J. ## Cord-Rummel Recital Company

CORD-RUMMEL RECITAL COMPANY.

THE music loving people of this community will be favored with a real treat on the occasion of the concert to be given by the Cord-Rummel Recital Company, a feature attraction on the local Lyceum course. In this organization there is offered a combination of four singers and players especially selected to give the very highest type of recital program.

At the head of the organization are Miss Fay Cord, American soprano who has won fame on two continents, her English debut being with the eminent tenor, Ben Davies; and Mr. Wm. Morse-Rummel, internationally known violinist, whose standing in musical America was assured in a recent continental tour with Nordica. Supporting these two fine artists are Henry Kelley, baritone, and Miss Yvonne Koniger, pianist.

Miss Cord is a matured singer, with a voice of splendid quality. She has appeared in America with the Cecilia Society and with the Minneapolis Symphony Orchestra. Her training has been with such an old world master as Paul DeRosier.

Mr. Rummel comes from a family of artists. His grandfather was the illustrious Samuel F. B. Morse, inventor of the telegraph. His great-grandfather, Christian Rummel, was court conductor at Wiesbaden; his father, Franz Rummel, is the distinguished Berlin pianist. He is a finished violinist.

Henry Kelley, baritone, is destined to be reckoned as one of the musical stars who owe their introduction to American audiences to the Lyceum. He is a singer of real ability.

Miss Yvonne Koniger, pianist, is a brilliant young Frenchwoman, a gold medal winner at the Conservatory of Paris.

The big number of the Newark High School Course. At the High School Auditorium Wednesday night, December 6th.

Surviving are two sisters, Miss Josephine Haugh of Columbus, and Mrs. George Williams of Newark, and one brother, Fred Haugh of Glenwood Springs, Colo. The funeral was held from Egan's chapel at 8 a. m. Friday, with services at the cathedral at 8:30; burial in St. Joseph's cemetery.

Ernest A. Haugh, 40, died at Grant hospital Columbus, Wednesday, from stomach trouble. He was single and lived at 39 West State street. Surviving are two sisters, Miss Josephine Haugh of Columbus, and Mrs. George Williams of Newark, and one brother, Fred Haugh of Glenwood Springs, Colo. The funeral was held from Egan's chapel at 8 a. m. Friday, with services at the cathedral at 8:30; burial in St. Joseph's cemetery.

Mr. and Mrs. William Fulton, 51 Union street, entertained yesterday with a Thanksgiving dinner at their home the following guests: Messrs. and Mesdames William Shamp, T. A. Bazler, C. L. V. Holtz, Lee Fleming, Eugene Hartshorn, Dwight Johnson, Frank Miller.

Evans T. Jones and two sons, Howell and Llewellyn and son-in-law and daughter, Mr. and Mrs. Stevenson, and the later's little daughter, Ruth, all of Richmond, O., and Dr. and Mrs. William Morgan of Columbus, were guests Thanksgiving day of Mrs. Howell Richards of Granville road, a big turkey dinner being served at noon. Justice and Mrs. D. M. Jones were also present, the elder Jones of Richmond and the Newark man being brothers. Mrs. Richards being a sister.

Aztec and Human Sacrifices. Human victims were sacrificed by the Aztecs in various ways and relatively in large numbers. Hubert Howe Bancroft, in his "History of Mexico," says: "The victims were for the most part captives taken in war, and war was often made solely with a view to obtaining them. A large proportion, however, consisted of condemned criminals or slaves, and even of children, brought or presented for the purpose. Moreover, persons sometimes offered themselves voluntarily for the good of the people or for the honor of a god. The greater part of the victims died under the knife, but some were burned alive, and children were often buried alive or drowned, while we hear of criminals being crushed to death between stones. But the most cruel sacrifice of all, and yet the most common, was performed by tearing out the heart of a living human creature at the sacrificial stone."

Capitals We Have Had. It is asserted sometimes that the United States has had five capitals, but the statement is not correct. The United States has had but three capitals—New York, Philadelphia and Washington. In the period preceding the adoption of the constitution no place was legally constituted a capital. In a loose and unofficial sense it is possible to describe as a capital any city which was the seat of government. Taking the sessions of the Continental congress as establishing a seat of government in the Revolution and the confederation, the following cities may loosely rank as capitals: Philadelphia, Baltimore, Lancaster, York, Princeton, Annapolis, Trenton and New York. The articles of confederation were passed by congress in Philadelphia, and the federal convention charged to prepare a constitution convened at the same place.

## Abusing One's Eyes.

Our most willing, little servants are our eyes and it is their apparent indestructibility that makes us care less of them. How many persons we see each day reading in the trains, that fog along, each moment changing the quality of the light, thus causing the eyes the fatiguing strain of continuous focusing.

Noyadays glasses have been studied with a view to their becoming qualities as well as in regard to their power, but all the same it seems a pity to have to wear them before age demands it just because one has misused one's eyes, not so much from overwork perhaps, as from work done under wrong conditions.

For instance, it is a mistake to read late at night or at other times when physically and mentally worn out. It is a great temptation to finish a book even though the eyes are almost closed in sleep, but there is no better way to strain the eyes than to overwork them when they are longing for sleep.

The question of a good reading light cannot be too often brought to the attention, especially when the children are studying at home; it is more apt to be a poor light than the amount of lessons that tire the student's eyes, and if it is necessary for much reading to be done for school it is essential that story reading be cut out of leisure hours and less fatiguing games substituted when lessons are finished.

It seems very hard to a child to be torn away from a fascinating book and sent out to play, but it is much better than headaches and the worry and expense of glasses.

## Everyday Etiquette

"When a woman has been invited to a party through the influence of a friend, should she call on the hostess after the occasion?" asked Ruth. "Yes, a call should be made whether or you accepted the invitation or not," replied her mother.

"Is it correct or not for a gentleman to remove his hat while in a cab with a lady, also who should take precedence when entering a theater?" queried Jack.

"He should not remove his hat in a cab with a lady and in a theater, if there is an usher it is correct for the lady to lead her escort," his father informed him.

One can't tell, by reading the anti-litter war reports, which is the under dog.

## Our Boys and Girls

I have found my younger amusing way of keeping my young daughter of six contented in bed when stern doctors and mother requires her presence there during some slight illness.

She had always admired my brother's fast cap and jacket, so I made her a miniature set in white cross barbed with plenty of ribbon and lace. I allowed her to wear these for first time when convalescing from a slight illness. The effect was magical. She received her bed in much state and forced all at the boredom of bed in her new attire.

It worked so well that when in winter when they go to play out doors is to make the fasteners out of paper flowers and bind them with white cotton, fasten them on with buttons, and the back shall be the same.

Sew a slice of tape for a front under the arm to hold in place. Also make soles for shoes from the flour sacks, stitch them twice around the edge; they will stay flat in the shoe if the paper is doubled.

Run an elastic around the aviation cap where it turns back and it will stay on their head where it is put and not over one ear or one eye as is often the case. Put a tape on their mittens the length of their sleeves and sew it to the top of their coat sleeves. Instead of around their neck, as it does not catch in the hooks at school when they hang up their coats.

A few more unpronounceable times, now that Bulgaria has joined the merry little throng of warriors.

GLASS OF SALTS  
CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 gallons of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

COMB SAGE TEA  
INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and youthfulness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle; at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application, or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Weyth's Sage and Sulphur Compound is a delightful toilet article requisite. It is not intended for the cure, mitigation or prevention of disease.

Chicago, Dec. 1.—Scarcity of deliveries here on December contracts had a bullish influence. Only 75,000 bushels and there was a consequent tightening of prices, especially for the December option. Prospects of a better distribution of railway cars after the flooding some relief of the traffic congestion between here and the Atlantic seaboard tended also to lift prices. The opening, which ranged from a cent higher with December 1.71 to 1.71 1/2, and May at 1.74 to 1.74 1/2, was followed by moderate further gains and then some thing of a reaction. Corn rose with wheat. Price receipts, however, promptly checked the advance. After a check on the bulls. After opening 1 1/2 to 3/4 higher the market showed a disposition to sag.

Strength developed in oats as a result of the advance of other cereals. Buying orders for oats were generally confined to small amounts for immediate use. Pressure from commission houses weakened provisions. Higher quotations on hogs appeared to be.

## OHIO IS NOW SECOND STATE IN BOTH MAKING AND USING AUTOMOBILES

Ohio is the second state in automobiles in both ownership and manufacturing.

This is according to statistics just collected by men in the motor car trade in preparation for the annual Cleveland automobile show to be held December 30 to January 6.

Two states make practically 95 per cent of the automobiles produced in America. Michigan leads in quantity, and Ohio is second with about 15 per cent. As there were more than 1,000,000 cars turned out in 1910, this would give Ohio an output worth about \$150,000,000. This is exclusive of the millions of dollars worth of parts and accessories, of which the greatest market in the country is Cleveland.

New York is first in car ownership, Ohio is second. Illinois third, Pennsylvania fourth and California fifth.

According to Fred H. Caley, who will manage the show, the total registration in Ohio for 1910 will run to 250,000; or one automobile to every four families in the state.

"No other state stands so high as Ohio in both manufacture and ownership," said Caley, "and considering our high place in both production and consumption I believe Ohio may rightly be considered the premier automobile state of the union."

gaining over half of its regular and extra dividends in the recent month. The new record of 112, a point from top levels on extensive profit taking included Utah, Anaconda and Chile coppers, Central Leather, International Paper, American Writing Paper pfd., Colorado Fuel, Philadelphia Company, Corn Products, the Fertilizers and Ohio Gas, the latter rising over 3 points in the new record of 112.

Further keen inquiry for rails, which embraced all branches of that division, occurred in the second hour, with increased gains in investment shares and additional advances in minor issues.

Motors were under persistent pressure and lifted fruit was heavy. Bonds were irregular.

Call money at 6 1/2 per cent and material recessions in Mexicans. Petroleum and shipping shares showed some unsettlement in the final hour. The closing was irregular.

First Musical Comedy.

No English writer of light opera ever surpassed Dr. F. Osmond Carr's music in gay sparkle, and that he was a thoroughly good musician is sufficiently indicated by the fact that he held degrees in music from both Oxford and Cambridge, his doctorate being awarded by the latter university. Among his other achievements must be placed the invention of the first musical comedy, "In Town." Besides "doing" the music, Dr. Carr invented the scheme around which the piece was written.

Many readers will remember all Europe like wildfire with its irresistible swing and elan some twenty years ago and more. A song of the dashing type, it had the gayest and most intoxicating melody, and not only its native land, but the continent and the United States, succumbed speedily to its charm.

The composer related that the famous song was composed in the early hours one morning after he had been watching all night by the bedside of his little daughter, who was seriously ill.—London Globe.

Not Her Fault.

The express was approaching a railway bridge that spanned a deep river, and a stout old lady in one of the compartments showed signs of nervousness. As the train went roaring across the structure she did not speak a word, but seemed to be holding her breath.

"There," said a gentleman in a neighboring seat, "we are over it safely."

The old lady heaved an explosive sigh.

"Well," she said, "if we had gone to the bottom I should have died with a clear conscience, for it wouldn't have been my weight that did it. I bore up so that I really made the train lighter than it could have been without me!"—London Mail.

Me Took the Hint, Though.

On the whole, President Jackson usually acted better than his friends dared hope. Buchanan, himself a model of propriety in dress and deportment, tells of going to inform him of the visit of a distinguished English lady and of finding him looking more than usually unkempt and unpresidential behind his haze of tobacco smoke.

Gathering his courage, Buchanan asked respectfully if his excellency did not wish to make some change in his toilet before granting the interview. Jackson eyed him while he knocked the ashes out of his pipe, with great deliberation and answered:

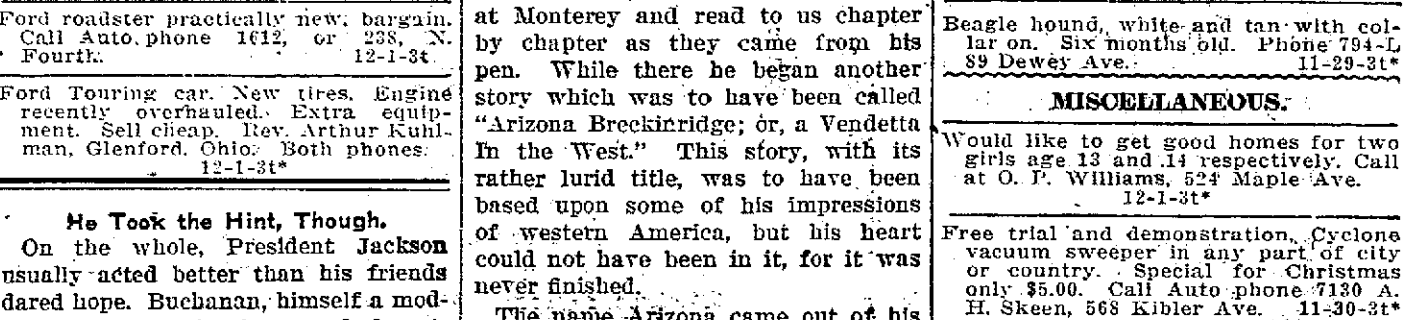

"Buchanan, I want to give you a bit of advice that I hope you will remember. I knew a man once who made his fortune by attending to his own business. Tell the lady I will see her presently." And "presently" he appeared shaven and brushed, in clothes of ceremony, with a manner so gracious and cordial that the lady exclaimed on leaving, "Your republicanism is a royal model of a gentleman."—Helen Nicolay in Century.

Air Movements.

The movement of air is variously designated, according to its velocity, as a zephyr, breeze, wind, gale or hurricane.

A dense or thick fog, according to the weather bureau, obscures objects at a distance of 1,000 feet.

THIS ALL-STAR INFELD LOOKS LIKE AS FAST A SELECTION AS COULD BE

Left to right, above: Maranville, Barry and Sisler. Below: Groh.

Among other all-star selections a popular one picks for its infield Sisler, Barry, Maranville and Groh. And every one of the quartet is worth the consideration whether he's the best at his place or not. Rabbit Maranville is probably the speediest and generally the most dependable at short in either league. If Groh were playing with a leading team he'd be the talk of the game, and George Sisler is sure to be on any all-star selection. Jack Barry, of course, is sure of second.

September.

September has, in turn, contained the following various numbers of days—10, 30, 31 and, finally, 30.

He that is slothful in his work is brother to him that is a great waste.—Bible.

NEWARK, O.

Back of Every Fortune Lies an Early Foundation of THRIFT

The financiers of today started as farm boys, surveyors, clerks, miners, etc. They amassed their riches by being thrifty. The commencement of their fortune dates back to the day when they saved their first penny. You men and women have the same opportunity to become wealthy as Ford, Harriman, Wanamaker, Rockefeller, and Hill had. The world lies before you. Opportunity knocks every day. Get ready to meet it by being thrifty. The Boston Store cut prices are for thrifty people.

## Gets Dental Commission.

Dr. John G. Moore, son of Sup't F. J. Moore of the Ohio Electric Railway Company, has been commissioned a first lieutenant in the medical corps of the United States army, according to word received yesterday. Lieutenant Moore practiced dentistry at Grove City for two years. For the last three years he has been in the United States army as an acting dental surgeon. He is now stationed at Camp Stoteseburg, Philippine Islands.

## Many Theatre Parties.

Many theatre parties from various towns over the country witnessed "Peg O' My Heart" at the Auditorium Thanksgiving day. There were several from Utica, Hebron, Kirkersville, Pataskala, Granville and other places. A party of eight from Homestead did not arrive until after 3

o'clock and could not procure seats on account of a complete sell out. Manager Fenberg found seats in the gallery for the four men and four women and they stated that the next time they came to Newark they would secure seats by mail a week in advance.

## Police Court.

Joseph Rose, arrested on complaint of his wife Beatrice Rose, this morning in police court was placed under a peace bond of \$100. Mrs. Rose charged that her husband had threatened her life. Three plain drunk were each fined \$5 and costs.

## Services in Home.

Rev. and Mrs. W. H. Hickman of West Locust street spent Thanksgiv-

ing day with Mr. and Mrs. John Wells in Columbus. Owing to Mrs. Wells being an invalid and not able to attend Thanksgiving services, short services were conducted in the home at 3 a. m. Preaching by Mr. Hickman, who baptized the host and hostess many years ago.

## Next Wednesday Night.

The Cord-Rummel Recital Company, the big number of the Newark High School entertainment course, will be at the High School auditorium next Wednesday night, Dec. 6.

## SUMMIT STATION

Mrs. Martha Shannon, widow of Oscar Shannon, died last night of meningitis, aged 75 years. She had been sick only a few days. Funeral at the late residence, Friday, at 2 o'clock p. m. Rev. H. S. Bailey officiating. Burial in Swisher cemetery.

She leaves to mourn two sons, seven grandchildren and great grandson. The departed had spent the most of her life on the farm, where she died and was an old pioneer.

Not to know love is the feeling that something is missing in your life.

## MR. VERMILION WEDS MRS. HORTON; EVENT A SURPRISE

The announcement of the marriage on Thanksgiving day of Stephen L. Vermilion and Mrs. George W. Horton, came as a surprise to their many friends. The wedding took place on Thursday evening at 7 o'clock at the parsonage of St. Paul's Lutheran church, Rev. George Robson Schmitt, officiating.

They were accompanied by Mr. and Mrs. Emmett Hursey. Mr. Vermilion was for several years town-ship trustee but he is now engaged in the real estate business. The bride has resided in 56 Franklin avenue where Mr. and Mrs. Vermilion will be at home to their friends.

## NEWARK GIRL CHOSEN

## The Horse Upstairs.

Not long since we were riding on an elevated train in Chicago. We looked out of the car, and there, right at our elbow, was a horse's head, thrust through the upper floor window of a brick building. It was a startling thing. We felt like saying, "Now, what on earth are you doing up here, old man?" But the horse appeared to be very much at home. No doubt he lived there, twenty feet or so from the ground. It was like a jail. He had no barn lot or pasture. When his day's work was over he was taken direct from the wagon to his upstairs stall. Rents were too high for his owner to furnish a stall on the ground. He never had a chance to "roll over" or to nibble at a bit of fresh plowed earth. Yet that horse's life in the city was no more artificial and abnormal than the life of the average city man. The man goes of his own accord, however, and the horse has no choice in the matter. Probably the horses wonder why men want to live together like bees.—Farm Life.

True courage is forgetting fear. A false conscience is never a true guide.

Firmness is mental courage, obstinacy is mental cowardice.

## WELSH HILLS

The Ladies Missionary Circle met at the home of Mrs. Emory Hanks on last Wednesday afternoon about forty members and visitors were present. The meeting was led by Mrs. Hayes Hanks. The program consisted of select readings by Miss Cecil Hanks. A talk by Mrs. Oscar Osburn, subject, "Responsibility of Parents Toward the Sunday School." A talk by Mrs. Homer Price, subject, "Responsibility of Parents Toward the Church." Mrs. Carry Evans gave the current events. After this there was an open discussion. At the close of the meeting a fine luncheon was served by the hostess.

Miss Estia Mentzer returned to her home near Alexandria Friday after a pleasant two weeks visit with friends here.

Mrs. Carey Evans and daughter Emily spent a few days last week at the home of her parents, Mr. and Mrs. W. D. Palmer of Granville.

Mr. Jack Davis and family attended the funeral of Mrs. Jennie Green of Granville Saturday afternoon.

Miss Lucia Hoover of Londonsville is spending the week with her grandmother, Mrs. Martha Evans.

## FAMOUS SINGER JUST SECURED BY MUSIC CLUB

The Women's Music club today announced a change in the concert course. Julia Culp owing to a mistake in dates, has cancelled her contract with the club for December 12. The club members are sorry to disappoint those patrons who desired particularly to hear the noted Dutch singer, but are more than happy to announce the name of an artist whom they have been fortunate enough to secure for the same date. An artist of equal merit as a concert performer and one whose standing as an operatic singer is pre-eminent. Margaret Matzenauer, contralto, is the acknowledged successor of Schumann-Heink and is the most notable acquisition in years of the Metropolitan Opera Company. With an extraordinary repertoire, a glorious voice, a stately and majestic personality, this artist has been a figure of commanding importance at the Metropolitan since her entree in the season of 1911-12. Her programs have charm and include many songs in English. Without the least hesitation, the club heartily recommends Margaret Matzenauer to the subscribers. Her voice is unquestionably one of the great voices of our time. This celebrated singer will appear in concert at the Auditorium December 12.

The treasurer urges all subscribers holding mail order tickets to send in their tickets at once for reservation.

## KISSANE RESUMES STUDY OF VIOLIN AT CINCINNATI.

Donald Kissane, son of Mr. and Mrs. Frank A. Kissane of North Pine street, who has been directing the Auditorium orchestra, will leave Monday for Cincinnati where he will again take up the study of the violin at the Cincinnati Conservatory of Music.

Mr. Kissane was a student at the Conservatory last year and received a scholarship. He returns Monday to study under Penhaz. During his absence from the city the orchestra will be directed by Mr. Guy Rischer and the personnel of the orchestra will remain unchanged.

# NOW FOR THE SECOND SATURDAY OF OUR ANNUAL PRE-CHRISTMAS SALE

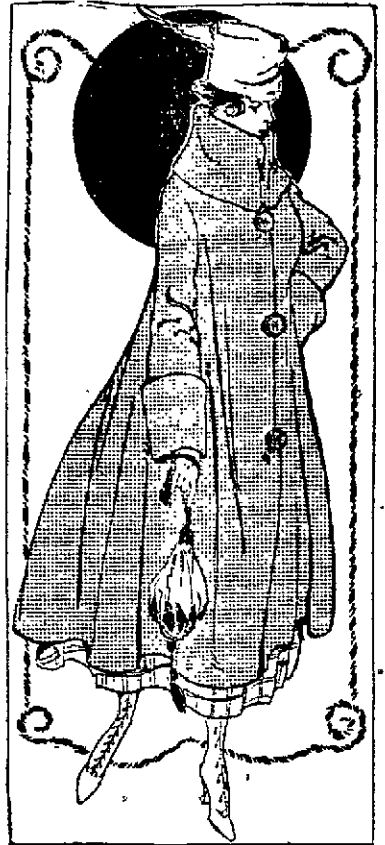

The past week has broken all previous sales records. Each succeeding day has witnessed greater values, greater crowds and a greater volume of sales.

We have put forth an extra effort to make Saturday the banner day of all. Assortments have been replenished from our vast reserve stocks; new goods, that have just arrived, have been marked at sale prices, and many broken lots and small assortments have been reduced to final clear-away prices.

Remember, this Pre-Christmas Sale has many imitators—but no equals. Shop here tomorrow—the reason is obvious.
